SPANISH LOSSES.

Entire Company Said to Have Been
Macheted by Cubans.

NEW YORK, May 15.—The Herald's cor-
respondent in the Spanish colony of 1,500 men
which the Spanish column of April 26 under com-
mand of Gen. Infante Cattaneo, Governor of the province, has not yet been able to find
still in pursuit of the rebels, with whom it
has had several engagements. The rebels
have suffered heavy losses and that an entire
company was macheted by insurgents under
Rafael.

The insurgents' General, Claveros, and
Secretary of War Roloff are still in that
province, where Calixto Garcia, escorted by
Juan Macio's forces, is momentarily ex-
pected.

The large number of desertions from the
Spanish ranks is alarming the authorities.
The entire Garrison of Gibara has been
relieved by order of the Governor, who ac-
cidentally discovered a conspiracy to go
into the city in force. The rebels and
Lieutenants were placed under arrest,
while the corporal and a private were ar-
rested. They shot two days ago. A sergeant belong-
ing to the corps of engineers deserted to the rebels. The principal cause
of discontent among the Spanish troops is
ill treatment and lack of pay.

LEE AND OLNEY.

They Have a Conference Respecting
the Competitor Prisoners.

Special to The Post-Dispatch.

WASHINGTON, D. C., May 15.—Gen. Fitz-
hugh Lee spent more than an hour yester-
day with Secretary Olney examining into
the merits of the Americans in the Com-
petitor expedition which had been sent to
Havana. The Secretary simply dwelt upon
the necessity of using every power of his
office to prevent the trial of Barnett and
Leavitt, the Americans last captured in
evidence of the determination of the case
to have the entire question of the rights
of the Americans who were with the Com-
petitors decided before the trial of the
Spanish prisoners.

Consul General Williams has already en-
tered a vigorous protest against any sort
of trial of the Americans, and has remitted
the question at issue with regard to the sen-
tenced man shall have been settled.

Gen. Lee returned to his home in Vir-
ginia, where he said he would leave
for Havana next week.

Attacked the Platano Camp.

HAVANA, May 15.—Meager details have
been received of an attack made upon the
famous Platano camp of the insurgents by
Col. Enrique Segura's column of 1,500 men
which was sent to the Spaniards. The
official report, however, places the loss of
the troops at one lieutenant and four pri-
vates, while 150西班牙人 were captured. Sixty-
seven private wounded, while the reported
loss of the insurgents was fifty-nine killed
and 100 wounded.

Are Explosive Bullets Used?

MADRID, May 15.—It is stated that the
Spanish Government has addressed a vote
to the Powers on the subject of the use of
explosive bullets contrary to international
usages of warfare, which, it is
claimed, the Cubans obtain easily in the
United States.

Court-Martial Members Punished.

HAVANA, May 15.—The Supreme Court
of War and Navy on the case of Capt. Dr.
John F. McDowell, who was tried at Havana
which was captured by the insur-
gents at the Bay of Asuncion, Santiago de
Cuba, has decided to adopt the decision of the court-martial adopted at Havana on Oct. 25, and in addition have sen-
tenced all the members of the court-martial
to six months for failing to do their duty on
month's arrest. This sentence is also ex-
tended to the authorities and to the one recently
named chief ad interim for the district.

LORD SPENCER SPEAKS.

He Knows a Thing or Two, But Is Not
Pedantic.

NEW YORK, May 15.—The Herald this
morning says:

John Foynt Spencer, fifth Earl of Spenc-
er, and Countess Spencer, have arrived in
York from Buffalo in Chauncey M.
Spencer's private car. Earl Spencer said in
an interview:

"I suppose you would like me to say some-
thing about the Venezuelan question. I
have no objection to talking about that.
I am convinced that there need be no apprehension of any kind between these two countries, arising from that matter. Our
interests are too closely allied, the welfare
of the two peoples are too nearly bound
together for any such matter to cause war.
We have had some Americans say, and I
have read in some American papers, that
Great Britain is endeavoring to increase her
territory in this hemisphere. I am sure that
is not the case. We will protect British
interests to the utmost and that means
the commerce of the world."

He added: "I am certain that the claim
of Great Britain to certain territory in
Venezuela is a righteous claim."

"Well, now, I do not want to say or put
anything about American politics, but having said anything
about American politics, I have said something
about English politics. England has all along maintained a strict
neutrality, and when it was in office (Lord
Brougham, Lord Palmerston, etc.) the
stations were instructed to keep strict
silence. But it is true, as some have
said, that the English have been having
trouble with the Spanish, and I am well able to
speak with authority, for I am acquainted
with the inside secrets of British foreign
policy. I may say that I have been behind
the scenes."

"Will you say something about Cuban?"

nothing to do with the matter. You may be sure that

CHARLEY GUNN IS
A BURGLAR BOLD.

Exploit of a St. Louis Crook in
New York City.

A CHASE OVER HOUSE TOPS.
The Fugitive Begun His Career Now
and the Police Give Him a
Bad Name.

Charles W. Gunn, alias Bartlett, alias
Newton, who was arrested after a lively
chase over rooftops in New York City, is
a well-known, but unsuccessful young
crook, who went to the penitentiary for two
years from St. Louis and was given hours
to leave the city about four or five months
ago, having been recognized on the street
by Detective McGrath and arrested on gen-
eral principles.

His last adventure was in the burglary
field. He entered the home of Charles E.
Fisher, an actor, at 454 Second avenue,

Fisher was away from home, but his
wife was asleep in the house when the
burglar entered. He was depending on
several rings and a number of theatrical
properties when George W. Gates, who runs a
clothing store on the ground floor, heard
the thief made a break for the street, followed
by Mr. Gates.

Gates left a short one and ended in
Gates capturing Gunn and yelling for the
police. Before the officers arrived Gunn

wrote a letter to Professor Munyon, 1505 Arch
street, Philadelphia, Pa., powdered with free medi-
cal advice for any disease.

AUGHS COL. COMFORT

The Twelfth District Bolt Doesn't Worry Him.

PLANS OF THE SORE HEADS.

Nathan Frank Will Be Elected Delegate and Kerenes May Be If He Will Serve.

The Kerenes faction of the Twelfth District, under the leadership of Charles D. Comfort, who was Secretary of the regular Republican committee of the district, and who, when deposed, set up in business for himself with a new committee, will hold a convention at Addison's Hall, Seventh and Olive streets, Saturday morning at 10 o'clock to nominate a candidate for Congress and to elect two delegates and two alternates to the St. Louis Convention.

Primarily for the election of the following day, the two district conventions were held Friday between 1 and 8 o'clock p.m.:

First Ward—Col. E. Ready, Peter A. Bush, John F. Geiger, E. F. Condon, John Jeffers, Wm. Morris, R. Church, Second Ward—D. Collins, Wm. R. Church, John H. Clegg, Mr. Geo. A. Vaccaresca, Andrew F. Brown.

Fourth Ward—Wm. L. Stoddard, Arthur J. Black, Wm. Hoffman, M. G. Galligan, John F. Steinkamp, Bernard Belker, John King, Robert McWilliam, Wm. Jones, Daniel Robinson.

Fifteenth Ward—Nathan Frank, Geo. R. Waggoner, B. Burkhardt, Jr., Abe Shupps, Wm. W. Wadsworth.

Twenty-first Ward—Edward P. Fox, D. A. Pareira, Harry Utley, Otto Kalime, H. J. Allen, H. H. Lester, Fred G. Fisher, John H. Clegg, Wm. Wadsworth.

Twenty-second Ward—W. V. Walcott, T. A. Post.

Twenty-third Ward—Louis A. Ohlman, P. Passman.

Twenty-fifth Ward—H. T. Erhardt, Geo. N. Weber, John H. McMichael, John King, John C. Wilson, Thos. Delamer, Chas. P. Campbell.

Twenty-seventh Ward—Robt. H. Cornell, A. A. Crum, Chas. Koerner, W. P. Reed, David Jones, T. F. Reed, Chas. W. Hoffman.

Twenty-eighth Ward—Henry C. Dietrich, Hermann M. Bode.

Col. Comfort, as sub-boss of the John Kerenes faction, when his convention met to-morrow, but his convention entire ignorance on the subject.

"The men who will compose the convention are not to be shocked if and acting," said Col. Comfort naively, "and I wouldn't attempt a forecast of their conduct. I hear a great deal of talk, though, about the War of the Worlds, what our delegates for the National Convention will do. I think it is probable that one or both of them will be elected. That is all I can say, as to whether or not Col. Kerenes will accept, and that will not be settled until to-night."

At present, he has no idea what his convention will do to-morrow, but his convention entire ignorance on the subject.

"There is no doubt in my mind that the Democrats will nominate a man for President from the Mississippi Valley and that he will be a strong candidate," said Col. Comfort, "but I believe the Chicago convention will adopt a free silver platform. I received a letter from John C. Reardon of New York last June, in which he said Texas would go right to the silver question and would instruct its delegates to vote for a silver platform. He said that the effect would be behalf of the last Republican administration."

It will be remembered that State Central Committee has organized a short time ago. One of its first acts was to appoint sub-committees in every county.

In the appointment of these sub-committees, the names of the leading supporters, such as Henry L. Martin, Chas. J. Bronston and others have been ignored as far as possible.

Col. Comfort discussed the convention with an air of assumed earnestness, but when asked what he had to say, he said, "I have been put in their steerage. This has made the sound money Blackburn supporters, of which there were many, very angry, and they are to have a meeting against the supporters of the 'Lily Whites' and make gosh and hohobbins dances and shriek. Probably the Colonel is dubious of his ability to make a speech, but he will do so to-morrow and if he doesn't there is liable to be trouble in the vicinity of Seventeenth and Olive streets.

But it seems pretty well settled that Nat. Frank will be elected as one of the delegates to the National Convention.

Col. Kerenes, it is said, has no idea what his convention will do to-morrow, but his convention entire ignorance on the subject.

Col. Comfort discussed the convention with an air of assumed earnestness, but when asked what he had to say, he said, "I have been put in their steerage. But the objections to the selection of Col.

Kerenes prevail, it is likely that Col. Comfort will have himself elected.

The Kerenes view the whole maneuver as a huge joke. They held their convention last week under the auspices of the Twelfth District Convention, presided over by Charles Parsons and Councilman Ulhoff of the St. Louis Convention and instructed him to do nothing. The Kerenes leaders claim that this convention was illegal, because the delegates that composed it were not elected under the supervision of the Kerenes. When the Kerenes leaders were there, on this ground the Kerenes will make their contest before the Credentials Committee of the National Convention. But Uncle Pyle is amply prepared to meet them.

At a called meeting of his State Committee, he has issued his instructions to his Twelfth District Convention endorsed and ratified, and at St. Joseph this week he has his State Convention fortify him throughout for the contest that will be made at St. Louis in June.

The Credentials Committee of the National Convention has been told to go behind to accommodate Col. Kerenes. Uncle Pyle could not discuss the matter further.

"De Ole Man" was busy reading letters and telegrams from all parts of the country congratulating him on his notable triumph at St. Joseph, and treated all mention of Saturday's Twelfth District Convention as a joke.

There are many reports of the convention of yesterday, one of the most important acts in the history of the colored race since their emancipation, for it was a formal demand for equal political rights in the South and a declaration that if they were not accorded that they intended to inaugurate a fight that would be kept up to the death.

Resolutions were adopted condemning the "Lily Whites" and protesting against the political action of the South in supporting the Slave Power and also protesting against the candidacy for the Presidency of McKinley.

We look back at the last convention before the one that nominated Gen. Hardin and we are confronted with the resolution adopted by that convention endorsing Cleveland and the Free Silver platform.

We are, however, favorable to an immediate and gradual written looking to the general use of both metals as money at a fixed ratio, and come to a conclusion that the best plan is to have the silver question and to instruct its delegates to vote for a silver platform. He said that the effect would be behalf of the last Republican administration."

THIRTEENTH MISSOURI DISTRICT

Democratic and Republican Aspirants Out for Congress.

Special to The Post-Dispatch.

FARMINGTON, Mo., May 15.—The Democratic Central Committee of St. Francois County has placed the congressional contest in the primary election which will take place June 6. In this, the Thirteenth Congressional District, there are fifteen counties, and so there are eight candidates for the nomination. They are: F. E. Abbott and M. C. Carter, St. Francois; W. J. Anthony, Washington; Frank During, Jefferson; Mattie Capo, Daniel Lo, W. H. Wright; Ed Robb, Perry Samuel Dickey, Webster.

The Republicans will also have several candidates in the field to take the place of Hon. J. H. Raney, who has declined to be a candidate for re-election. They

have been nominated by the main

contenders in the district for the National Convention on the general merits of their contest. It is feared by some of them that to go outside of the district for one of the contestants might fatally prejudice one of the contestants.

But the objections to the selection of Col.

NEW YORK, May 15.—Colored delegates and contestants from nine Southern States to the National Convention at St. Louis held a convention yesterday in this city.

The main object of the convention was to organize and adopt a plan of action, so that the colored contestants may get full justice before the National Convention.

The convention was held behind closed doors, as it could not do otherwise, to prevent the "Lily Whites" from getting to the place of the State Convention to support John P.

THE GOLD SHRINKAGE.

The President May Call on Congress
for Help.

CHICAGO, Ill., May 15.—A special to the
Chronicle from Washington, D. C., says:

May 1 the gold reserve in the Treasury
was \$1,200,000,000, and on Friday it was
\$1,140,000,000. In twelve working days \$60,
000,000 in gold has been taken from the
Treasury, and there is not, it is said, the
slightest indication of any abatement in
the export of the yellow metal. The last
payments of the recent popular loan have
been made and the gold reserve can, therefore,
be reduced by \$60,000,000. This is less than
those which will come so it in the ordinary
way. While the withdrawals of gold
are not enough to cause a positive alarm,
they are causing anxiety to the Treasury
officials. If there is anything like a steady
increase in the amount of withdrawals, it
is clear that some movement will be made
in an effort to secure legislation to check it.

Congress expects to adjourn some time
between June 2 and 10. There is a long
interval between the date of the adjournment
and the time that the bill will be introduced
to be duplicated. The administration has for
some time been considering the probability
of just such a situation developing after
the adjournment.

Should the conditions warrant the measure,
it is said the President will send a
message to Congress on the subject, and
the government, assisting the Congress, furnish
some measures of relief to the Treasury be-
fore adjournment.

CYCLISTS' HEAVEN
IS IN OLD PIKE.

Two Hundred St. Louis Wheelmen

Will Go There To-Morrow.

ROADS IN SPLENDID SHAPE.

How a Metorman Saved a Fool Scorch-
er's Life on South Broadway—
Sporting News.

Cyclists who have never been in Pike County have a grand treat before them Sunday. It will be the finest that good bicycling roads could offer them.

At 5 p.m. Saturday evening the steamer St. Paul will leave here at the foot of Olive street with a merry party of 150 St. Louis wheelmen. They will be bound for wheelmen's paradise which is to be found within the boundaries of good old Pike County. To pedal over their sand-paved roads will be their mission.

There is nothing in the local cycling world that can compare with the roads in the roads of Pike County. What can be a perfect cycling than to sit on a wheel with one single push on the pedals over roads like these. It is what can be done in Pike County, there is another place in the United States where it can also be done, it has never been

done in the United States, but there is

here is nothing in the country that als the beauty of Pike County.

The roads are smooth and well paved.

FREEL MASONRY AND THE CHURCH.

Pastor Douglass Discusses Mr. Masters' Withdrawal.

LODGES WORSE THAN CARDS.

The Man Who Elected to Remain Mason Says He Is Not a Bit Serry.

The resignation of Theodore Masters as trustee of the Wagoner Place United Presbyterian Church and his withdrawal from the church because of its objections to his retaining his membership in the Masonic order, as well as in the Post-Dispatch, has aroused considerable interest.

Rev. Dr. Amos C. Douglass, the pastor, has returned from Mississippi, where he has been attending a church convention. He was seen at his home, 454 Garfield avenue, by a Post-Dispatch reporter. Mr. Douglass said that he had no objection to Mr. Masters' retirement, but under the circumstances he thought it was necessary.

"Our denomination recently professed," said he, "that we were a member of our church and that I did not know why he would be united with us that he was a Mason. I do not yet know when he became a Mason. As far as I know, my son and I are Masons. I feel at home and spoke of the matter to him. I called his attention to the church's rule in that regard, and left him to vote in the morning, but Dr. Buckley told me it would be impossible to keep the secret, and the conference adjourned until 2:30 p.m."

In addition to the five leading candidates who were asked to pollute the public on the train and assist her daughter to get checked at the Union Station in this city for her check.

This the conductor promised to do. On the way down he was very pleasant to her, and after passing through, introduced her to women who were on the train. The conductor seemed well acquainted with her.

With customary Kansas innocence Miss Rogers was asked to open up the contents of the trunk. She had, she said, a lot of new dresses, a gold watch and some jewelry. All told, the contents were worth about \$300.

Upon arriving at the Union Station, the conductor told her that the woman was wanted to see him, and the surprised adventures readily consented to undertake the task. She left with the girl's name and came back after a time with a package in her hands, which she handed over to St. Louis to Barthold on the Big Four.

When Miss Rogers arrived in Barthold she was asked to open up the trunk and discovered that her check was broken.

Bagagemaster Steele was notified and is trying to sift the mystery. The girl insisted that she never saw the woman and the conductor after the introduction.

At the baggage master's office it was said the conductor's name was John French.

French left on his train for Kansas City early Friday morning.

OUR FASTEST WAR-SHIP.

The Oregon Outclasses the Massachusetts and Indiana.

SANTA BARBARA, Cal., May 15.—In her trial trip yesterday the battle ship Oregon covered sixty-two knots, over the official Government course, in three hours, forty minutes and forty seconds, making the midshipman average record for the time over the course of 16.2 knots, 19.35 miles an hour.

This speed places her in the front rank of naval ships in the navies of the world, beating the Massachusetts, which has a record of 16.15 knots, and the Indiana.

By her great performance to-day the Oregon has earned for her builders, the Union Iron Works, a premium of \$175,000.

Grave Charges Against Herman Meyer.

During the trial in Judge Withrow's court of the case of Thomas McCormack, a Franklin aviator, a gross libel was made by McCormack, President of the American Brewery Co., for saloon rent McCormack and James May testified that Herman Meyer, a German, was the author of the libel, and that he had to testify in favor of the plaintiff for it.

This testimony was given after Meyer had left the stand without saying anything about the case. He denied that he had been a party to the lease.

Judge Withrow decided for McCormack.

ING ON THE BISHOPS.

Brown, the Colored Man, Led on the First Ballot.

CLEVELAND, O., May 15.—Interest in the Methodist Episcopal Conference to-day was centered in the election of bishops. Central Army was filled with spectators.

Bishop Fitzgerald presided and the devotional services were conducted by Rev. J. M. Shumpert of Mississippi, a colored minister.

Promptly at 9 o'clock Dr. Swindell arose and moved to the order of the day—the election of bishops—he was up.

Bishop Ross offered a fervent prayer for divine guidance and freedom from any unworthy motives. The floor was cleared of all except the electors and the ballot box was crested by Bishop Fitzgerald, replying to a question that the initials of all candidates be given: "I do if so the names will be sufficient."

Five colored men were called to collect the ballots. While the various ballots were being counted, the regular business was taken up.

Dr. Ackerman against any delegation leaving before the end of the conference was tabled amid applause.

Dr. C. C. Cope, of the Committee on Judiciary should be requested to present a report on that point. The resolution was adopted.

"There are fifty candidates. The vote was as follows: J. W. E. Bowes (colored) 167, C. C. Cope 156, Cranston, 13, J. W. C. Miller, 12, D. Buckley, 2. A second ballot was ordered taken.

The result of the first ballot was greeted with a roar of applause, followed by a hearty round of cheering.

A motion was made to adjourn and receive the vote in the morning, but Dr. Buckley moved to adjourn, and the conference adjourned until 2:30 p.m.

In addition to the five leading candidates who were asked to pollute the public on the train and assist her daughter to get checked at the Union Station in this city for her check.

HE WASN'T MURDERED.

School Director Collins Denies That He Is Dead.

For almost twenty-four hours life has been a burden to John P. Collins, a well known liveryman and undertaker and member of the School Board.

About 9 o'clock Thursday night somebody started a report that he had been shot and killed by a relative.

The police were called up, and the telephone at Mr. Collins' stable, 115 South Fourth street and 1817 South Jefferson avenue, were kept busy for several hours.

Everyone was anxious to know the facts of the affair, and every "owl" who was on the streets and heard of the alleged murder at once made a break for a telephone.

Messages kept pouring in until 3 o'clock Friday morning, the police heard of an investigation.

"It is getting monotonous. All last night people were calling up to telephone to know if I had died or not. I have succeeded in convincing my friends that I am alive, here the whole time, and I am not dead," said Mr. Collins.

"It must be the work of some practical joker. I can't account for it otherwise.

"Neither was I sent to jail for 10 days and fined \$25—but why refer to Mr. Bus?"
